

# How does Strategia Diagnostics work?

Ensure your company's business strategy will drive the performance you need. Identify the strategic challenges ahead. We'll help you make a map to respond to them.

Strategic Challenge	How to Respond	How Strategic Analytics Helps You
 <p><b>Volatility</b></p>	<p>Develop Organisational Agility</p>	<p>Identify blockages to agility and ways to remove them.</p>
 <p><b>Misalignment</b></p>	<p>Close Alignment Gaps</p>	<p>Show key misalignments and problem areas with change maps which identify action steps to close the gaps.</p>
 <p><b>Speed</b></p>	<p>Identify &amp; Maintain the Right Pace</p>	<p>Show you the key factors which influence your company's speed and how to change the factors without damaging your customer experience.</p>
 <p><b>Talent</b></p>	<p>Identify &amp; change the employee experience factors which may hinder attracting talent</p>	<p>Identify your employee experience at all levels and the critical factors which create it.</p>
 <p><b>Reshape Strategy</b></p>	<p>Understand how you currently implement your strategy and identify what needs to change to implement a new strategy</p>	<p>Show you how well your company is positioned to execute your strategy and what you will need to change in order to improve your execution.</p>
 <p><b>Diversity &amp; Inclusion</b></p>	<p>Embed equality into your culture</p>	<p>Identify areas which may need improvement in D&amp;I. Results show you the critical factors which drive inequality and what you need to change.</p>

"Make Strategic Change Easier" is an Exclusive Partnership between MCE - Management Centre Europe and Strategia Analytics. Strategia Analytics helps companies make small and large management changes that ensure the organization delivers on their business strategy.
